

Professional Profile

I am a second-year BSc Computer Science student at Durham University with a strong interest in data science and finance. I've developed communication, teamwork, and leadership skills through my work with Essex FA and other stewarding and volunteering roles. I'm now looking for summer internships where I can build experience in **ADD FIELD**.

Education

BSc (Hons) Computer Science, Durham University (September 2025 – July 2028)

Expected 1st/2:1 Class. College of St. Hild & St. Bede.

A-Levels, Colchester Royal Grammar School (September 2023 – August 2025) – Colchester, Essex

Achieved 4 A-Levels: A* (Maths), and 3 As (Computer Science, Physics, and an EPQ).

GCSEs, Plume Academy (September 2018 – August 2023) – Maldon, Essex

Achieved 12 GCSEs: Grade 9 (Maths, Further Maths, Physics, Biology, Business, and English Language), Grade 8 (Computer Science and Chemistry), Grade 7 (History and Religious Education), Grade 6 (English Literature), and a Level 2 Distinction* (Information Technology).

Professional Experience

Senior County Referee, Essex/Durham FA (October 2021 – Present)

- Regularly partnered with other officials to officiate on semi-professional matches across both Essex and Durham.
- Uses communication and leadership skills to apply the Laws of the Game in fast-paced, high-pressure environments.

Event Supervisor, The Food Firm (Fixed-Term, July 2025 – August 2025)

- Directed teams of around twelve stewards and bartenders at an inflatable assault course to look after the guests and provide a high standard of customer service for the duration of the event.

Personal Projects

Academic Paper LaTeX Template (January 2025 – Present)

- Developed a clean, reusable LaTeX document template with supporting documentation and build files for creating professional, structured academic documents ([see the repository here](#)).
- Implemented custom formatting commands to automate document structure, optimising it for complex mathematics.

RefSix Data Analysis (September 2026 – Present)

- Created an integration between Python and the RefSix REST API which allows me to gather my historic match data, or to add new games ([see the repository here](#)).
- Analysed the data produced by the match data, creating valuable insights which allows me to judge, and then improve my own officiating performances.

Volunteer Experience and Extra-Curriculars

Welfare Secretary, Durham University Speleological Association (May 2026 – Present)

Member from February 2026 onwards.

- Responsible for collaborating with the County Safeguarding Lead (St John's Ambulance) to implement updated welfare policies such as new report forms, welfare concern logs, and leader first-aid training.

Referee Development Coach and Observer, Essex FA (July 2026 – Present)

- I evaluate match officials to identify their suitability for progression on the promotion pathways on an occasional basis.
- Worked closely with five new referees, providing actionable feedback after games to enhance future performances.

Matchday Steward, Maldon & Tiptree FC (February 2025 – Present)

- Responsible for leading a team of four stewards to coordinate car park logistics on matchdays with crowds of up to 2,000.

Senior Patrol Leader, Scouting Association (September 2018 – November 2020)

Member of Cubs, Scouts, and Explorers from January 2015 to September 2024.

- Awarded the Chief Scout Gold award after working on a variety of community projects, focusing on teamwork, leadership, and skill development.
- Laid a Remembrance Day wreath at Maldon War Memorial on behalf of the Scout Association.

Other Qualifications

- Safeguarding: Enhanced DBS (Issued December 2022), Safeguarding Children in Football, Safeguarding for All.
- Travel: Full UK driving licence and own vehicle.
